County educators ask commission to impose 1-cent tax

COUNTY EDUCATORS REQUEST FINANCIAL AID . . . Elba Superintendent of Education William Crews tells county commissioners of financial problems facing his system and all school systems across the state. Crews asked the commission to implement a one cent county-wide sales tax to provide much needed funds to the county's three school systems. Pictured left to right: Robert Stephens, Supt. Crews, Elba School Board Member Dr. Bill Cowart, and Commissioner Jimmy Bryan.

The Coffee County Commission met in regular session on Monday, July 28, at the courthouse in Elba and heard two groups ask that taxes be imposed to provide financial assistance.

Ronnie Kelley, president of the Coffee County Firefighters Association, addressed the commission and requested that it approve a bill to be introduced to the legislature setting a county-wide tax on tobacco.

All proceeds from the tax would go to the association and would be levied at the rate of five cents per pack on cigarettes, two cents per cigar, two cents per can on smoking tobacco, three cents per sack on chewing tobacco and three cents per can on snuff.

The tax will be voted on by the citizens of Coffee County, possibly at the Nov. 4 general election.

School officials were also at the bi-monthly meeting to ask the commission to adopt a one-cent sales tax, with all proceeds going to the three school systems in the county on a per-pupil basis.

Elba Supt. William Crews told the commission the recently announced five percent proration of the education budget would result in a loss of \$102,000 over the next three months to the Elba system, and estimated that next year's budget for Elba's schools would be cut by \$131,000.

Crews passed out a detailed report of revenues and expenses and stated, "I'm asking that a one-cent sales tax be added in Coffee County for education."

Coffee County Board of Education member Tom Dyess echoed Crews' sentiments and said, "I'm here this morning to seek financial help for the Coffee County School System and the commission is the only one we can come to."

Dyess stated proration would result in a \$204,000 cutback in funding for the system, and that the system already was facing a \$219,000 debt payment.

"We must provide a quality education for our students," added Dyess, "and to do this we must have adequate funds. We use our funds as economically as possible, but we still need help."

Commissioner Jimmy Bryan stated, "We are all interested in education and the financial status of the schools needs to be looked into at depth," while Commissioner Sid Averett said, "Even if we don't take action here today I want everyone to know we're serious about giving help to the schools."

The commission as a whole seemed to agree the schools needed financial help, but took no action.

and the commission's feelings were probably best described by Commissioner Bill Faulk, who stated, "We're facing the same problems you are and we must also look for additional funding. At this time there are too many unanswered questions to make a decision on a sales tax."

In other action at Monday's meeting, the commission: ***accepted the low bid of \$79,124.40 from Couch, Inc., to do road leveling in the county.

***agreed to send out bids on resurfacing parts of County Roads 80 and 54;

***set up a July 31 meeting with city officials to discuss problems with garbage and the possibility of contracting with a private firm;

***officially approved a plan to adopt a new seven-district commission and hold a September election to elect a commissioner from a predominantly black district;

***told County Administrator Brunease Winston not to issue purchase orders to any department over budget; and

***agreed to pay the back salary owed to a youth officer employed through an agreement with the Enterprise Police Dept., Sheriff's Office and District Judge.

County commission agrees to pay black leaders to register voters

The Coffee County Commission met with a group of the county's black leaders on Monday night, July 28, in Enterprise and agreed to pay \$2,000 for the group to canvass the new "black" district and compile a list of qualified voters.

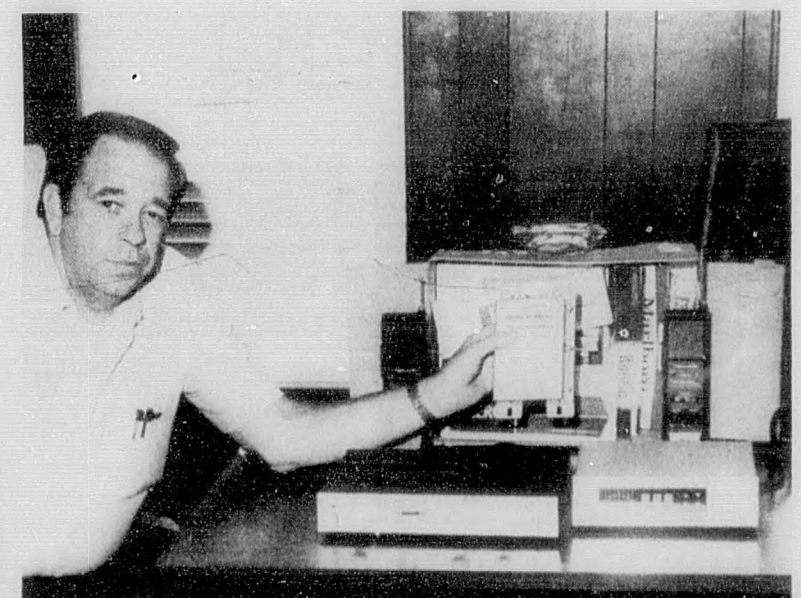

The commission will pay Charles Cole and Gladys Yelverton a total of \$800 to canvass the Shiloh-New Brockton area, while Mary Redmon will receive \$1,200 to canvass the Enterprise area.

Voter registration dates

The Coffee County Board of Registrars will open the following offices the month of August:

Elba - Aug. 4 - 5 - 6 - 7 -

Nelson Whitehurst named principal

The Coffee County Board of Education held a special called meeting on Thursday morning, July 24, in Elba, and handled a number of personnel matters including the naming of a principal at Zion Chapel High School.

All members were present at the 9:30 a.m. meeting, including Bill Boland, Tom Dyess, Harrell Carroll, Frank Britt and Preston Kelley Jr.

Former Supt. Johnny Vaughan, acting in an advisory capacity, told the board that the recent funding cuts due to proration would force the board to make cutbacks and recommended that to save money it not go outside the system to employ a principal at Zion Chapel High School.

Vaughan suggested that one of the three applicants already employed by the system be chosen and the board voted unanimously to

name Nelson Whitehurst the new principal.

Whitehurst, who served as Child Nutrition Coordinator during the past school year, has been employed by the county school system for 18 years and served as principal of Goodman Junior High School until it closed in 1985.

Vaughan reported an application for special "consolidation funds" had been made and was being considered by the state. The funds, offered as a 50-50 matching grant, would be earmarked for use at New Brockton, which had an enrollment increase due to the closing of Goodman.

The board appointed Mrs. June Brown as "acting superintendent" until a replacement can be employed to fill the opening created when Johnny Vaughan resigned to accept the position of superintendent of

Troy City Schools. The board stated Mrs. Brown would handle routine activities, with other action to be handled through the board.

In other action at Thursday's meeting, the board:

***re-employed Bridgett Mock as an elementary teacher at New Brockton;

***granted a leave of absence to Patsy Britt, teacher at New Brockton Elementary School;

***authorized the hiring of a driver-aid at Project Independence;

***employed Rhonda Brunson as a Spanish teacher at Zion Chapel;

***transferred Shirley Goodson from an aide position at Zion Chapel to an aide at Project Independence;

***employed Dwayne Head as an aide at Project Independence; and

***opened bids on food for the Zion Chapel lunchroom.

Man loses arm in gator attack at Open Pond

GATOR REMAINS TELL THE STORY . . . Rogue alligator lies on his back after deputy sheriffs pumped 22 shots into him. On his 500-pound body can be seen an assortment of items removed from his stomach as officials were after the severed arm of Kermit George.

A tired bicycle rider lost his arm to an alligator Saturday morning when he stopped to cool off in a designated swimming area in the Conecuh National Forest.

Kermit (Kim) George, Jr., age 42, was bicycling in the area when he decided to cool off in Open Pond, a popular camping and swimming park in the Forest. Minutes later he was standing in chest-deep water fighting for his life; an 11-foot, 4-inch alligator had grabbed his right arm and George was fighting for his life. He later reported that during the attack he realized it was either give up his arm or lose his life to the big gator.

The gator was later killed, cut

open and the arm retrieved. However it was too late, and/or too mangled to attempt reattachment.

Alabama Conservation officials cataloged a number of unusual items from the stomach of the gator before reaching the arm. They included wood chips, lily pads, two fish stringers, a tangle of wire, the neck of a glass bottle and a plastic fishing worm with hook intact, and about 18 inches of fishing line.

George was driven to an Andalusia hospital by the park host and is presently in South Alabama Medical Center in Mobile. Hospital officials report he has been removed from the intensive care unit and is in a private room.

Wiregrass Commons to open Aug. 6

On August 6, the \$30 million Wiregrass Commons in Dothan, Ala., will officially open to the public and stake its claim as the region's fashion center.

"We're ready, and we're anxious to get started," said Jim Wilson, Jr., developer of the 600,000-square-foot shopping mall. "Wiregrass Commons is going to have an important economic effect on Dothan and its people, and we can't wait."

Phase One of the Commons includes such major department stores as Gayfers, Parisian and Pizitz as well as more than 100 specialty shops. Future plans include additional department stores, office and professional space, plus a motor hotel.

With a 14-county market of approximately 350,000 area shoppers from Alabama, Florida and Georgia, the regional mall provides a broad range of appeal. Shoppers will find a tremendous variety of fashion previously unavailable in this area. For many of these merchants, Wiregrass Commons marks a first entry into the market.

The mall will provide shoppers with high quality merchandise, from fine apparel, accessories and jewelry to home furnishings and sporting goods as well as gifts and novelties.

A 452-seat Food Court will offer shoppers an international dining experience with a wide range of hearty fare from 10 restaurants.

The mall is located on U.S. Highway 231 North at Ross Clark Circle.

Brainstorms....

With Ferrin Cox

Horror movies show sharks biting off human limbs, bees stinging folks to death, etc., and we remember one about a monster alligator in the New York sewers; but it wasn't play-acting to the 42-year-old man at Open Pond, south of Andalusia, Alabama, last Saturday morning. He lost his right arm to an 11-foot, 4-inch gator, which attacked him as he cooled off from a bike ride. This is especially touching to me for several reasons. We don't like to see anyone hurt or killed. We fish and swim in areas where this could happen again, plus we knew this man as a youngster. In fact he was a classmate of my wife's and a sister, and his family attended the same church we did. His reaction to the events is to be admired: apparently he never lost his "cool" during the entire sequence of unplanned happenings. I probably would have simply died of fright.

It wasn't quite as bad, but it is "at home" that William Rufus Pope lost several fingers from his hand last week. He was rushed to Montgomery, along with the severed fingers, but doctors decided against attempts to reattach them. We understand he is doing okay.

The continuing saga in Alabama doesn't make the national news every day. It has become so routine for us to have something going on in our political process that the nation tends to ignore it after a while. We don't know what the outcome will be but suspect the leaders of the Alabama Democratic Party would like to have some help in turning this tiger loose. For the record, neither side has impressed us with their statesmanship. Yet the situation hasn't yet reached the point that we would predict a win by Republican Guy Hunt in November. . . not quite yet.

City council members were told Monday by Mayor Bob English that it cost \$11.41 a month to pick up household garbage at a city residence. This figure was derived from a study done as the city considers the possibility of using a private contractor for this service or making changes in the way city employees do the work.

The U.S. Congress is still working out the details on the new tax plan that is touted as a "tax cut" for low and middle income workers. We have yet to find anyone that truly believed it would be a cut in taxes. Most are bracing to pay more taxes after the dust is all settled. We share this opinion. However, if we were busy using all kinds of tax dodges, we would be very scared because we do believe many of these will be cut, at least at first, until the lobbyists get back in there chipping away at the officeholders.

The news that the Challenger astronauts lived a few seconds after the explosion of their space shuttle bothers me a bit. We had accepted NASA's word that they died instantly, and now understand that wasn't the case. Death was bad enough, but to learn they suffered for seconds or maybe even minutes gives us a troubled feeling for them and again about the reliability of anything NASA folks say.

Letter To The Editor

Dear Editor,

Something sad and unbelievable is occurring here in Elba that I wish to share with the public via the Clipper.

Flowers, urns and other objects are disappearing (I guess "being stolen" would be the correct term, since they aren't disappearing by themselves) from the cemeteries here.

I hesitated to use the word "theft," for I find it difficult to believe that anyone (or "ones") can be so unfeeling, cruel and heartless! I'd prefer to believe these are just acts done impulsively and/or thoughtlessly.

If we could think or believe that whoever is taking them is placing them on their loved ones' graves - that might be more understandable and lessen the pain somewhat. For we could relate to that. But, to take them to sell for gain (if that's what is happening) is almost unforgivable!

For whatever motive items are being removed from our loved ones' graves, I would like to hope that if the culprit(s) read this, they will find it in their hearts to return them as quickly as possible.

Thank you, Ricky, for giving me space in the paper to voice this problem.

Sincerely,
SHIRLEY WISE

A TRIBUTE TO MISS ZADIE ROWE

In the recent death of Miss Zadie Rowe, I lost one whom I had known as a close friend and neighbor for more than a half century. Elba and Coffer County lost one of its most valuable, best loved, and highly respected citizens.

Miss Zadie was born and spent her entire life of 95 years in Elba. During that time she contributed greatly to the social, cultural and spiritual life of the town.

She graduated from Judson College in 1910 and came back to her home town, where she served for a number of years as chief clerk in the office of her father, Probate Judge S.N. Rowe.

She continued to live with her family in her childhood home and faithfully and loyally cared for her mother until her death.

Following Mrs. Rowe's death, Miss Zadie became a teacher of social studies and history in Elba High School for 18 years.

After her retirement from teaching she spent much of her time looking after the business and personal needs of the remaining part of her family.

Man has many times put himself above God, and even know this as a baby looks upon his father. Because, look! We are God's children and we are to do as He says.

In today's world, God is being left out of many places, such as school (which began when prayer was taken out), in the homes, and even in the churches - when the people want to run the church their way instead of letting the Spirit of God run it His way. Because only through the Spirit of God is a person truly going to be saved; and only through the Spirit can you praise Him. So, look around you - is God being put first where you are?

Men have also thought that they were smarter than God, and when man does this, God will bring him down. He did bring man down with the recent explosion of the space ship Challenger, that hurt and shook the people of the United States.

So, awake out of sleep, because God is shaking America and He is calling His people together. In a book of old, it speaks of God bringing man down (Isaiah 1:4): "Though thou exalt thyself as the eagle, and though thou set thy nest among the stars, thence will I bring thee down, saith the Lord."

The Lord was saying here that man thinks he is so smart, because he can fly as the eagle, and set a nest among the stars - meaning landing on the moon, because the moon is a star. So He said He was going to bring them down.

So when you think you're too smart for God, you think about this. He was smart enough to create this world, the stars and the heavens, the birds of the air, and even the next breath of air you breathe, and God did all this without any advice from you.

So, why don't you call on God for everything and anything, and worship him the way he would want you to worship Him. Let Jesus be instead of calling on Him just in times of trouble. God is an everyday God and He wants us to be His everyday servants.

Until next week - remember the Lord loves you before anyone did, and still does - and we do too. **GOOD BLESS YOU!**

Views From The Pressbox

By Ricky Mularz, Editor

The Recreation Dept. activities are finally beginning to slow down, and while that's not good news for the kids who work during the summer, it's great news for me because football is just around the corner. This may be a small town, but there's always a lot going on!

DIXIE YOUTH TOURNEY PROVIDES PLENTY OF ACTION

The District 6 Dixie Youth Baseball Tournament was held in Elba last week and while the rain did delay a couple of games, it failed to dampen any of the enthusiasm of the players or fans of the six teams involved. The stands were packed for every game, no matter what the time, temperature or weather conditions, and it was great to hear the fans cheer for their team.

Troy won the tourney, and won it in grand fashion, as it outscored its five opponents 60-23 and hit a total of 24 home-runs. The Troy team had some big boys, but it wasn't just the size that made the difference; the boys were talented, well-coached and good sports. Troy will represent our district well at the state tournament!

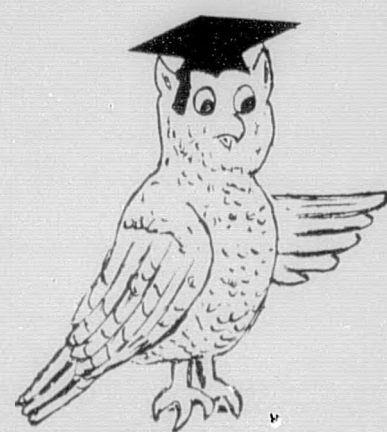

WOODLAND GROVE BAPTIST PLACES 4TH IN STATE TOURNEY

The Woodland Grove Baptist Church softball team participated in the Church Class A State Softball Tournament last weekend and brought home fourth-place honors from the 38-team event. Woodland Grove is a small country church without a large congregation and doesn't recruit players like some churches in larger towns; however, the church is obviously blessed with athletes and "spread the word" all across the state last weekend in Decatur. The high finish qualified the team for the national tournament in Tulsa, Oklahoma, on Aug. 29-Sept. 1, and that's a first for a local team. Even if the team doesn't go to Oklahoma it has already earned itself a spot in Elba softball history!

NEW BLOOD MAY LIVE UP THE COUNTRY CLUB

I talked with new Elba Country Club president Charlie Zimmerman this week and if Charlie is able to organize the activities he spoke of, the club may soon be a hub of activity! Golf is the obvious drawing card at the club, and Elba's course is as nice as any around; however, plans are to expand both the men's and ladies' associations, as well as form a bridge and offer social gatherings. A lot of people complain about having nothing to do. Well, just give Charlie time and a good idea and you might be surprised.

Troy Claims District 6 Dixie Youth Baseball Crown

Troy swept through five games undefeated last week to claim the championship of the Dixie Youth District Youth baseball tournament, held at Legion Field in Elba.

Eufaula, which lost twice to Troy, placed second, while Elba and the Dothan Americans finished in a tie for third in the six-team event.

Troy, a perennial power in Dixie Youth Baseball, scored a total of 60 runs in its five-game march to the title and slugged a total of 24 home-runs. Troy will now advance to the State Dixie Youth tournament in Montgomery, scheduled for the week of August 4-9.

Following is a recap of games played Wednesday through Saturday:

Abbeville 5
Enterprise 3

Abbeville erupted for 5 runs in the bottom of the fifth inning to erase a 2-0 deficit and held on to eliminate the Enterprise Nationals 5-3. Enterprise took a 2-0 lead in the third inning on a home-run by Marcus Tyson and appeared to be in charge as Abbeville failed to get a runner through the first three innings.

Abbeville came to life in the fifth inning, however, and combined six hits with a walk to plate 5 runs and take a 5-3 lead it would never surrender.

Brad Brown and Randy Isom got 2 hits apiece for Abbeville, while pitcher Jason Gullledge held Enterprise to 1 hit.

Troy 4
Eufaula 3

Troy pulled out to a quick 4-0 lead and turned back a late Eufaula rally to claim an exciting 4-3 win. Troy pulled out to a 3-0 first inning lead on a home-run by Demond Collins and stretched the lead to 4-0 in the second; however, the Troy bats went quiet after the early explosion and Eufaula crept back into the game.

Troy erupted for 3 hits with 2 walks to cut the lead to 6-2 in the bottom of the first, but Elba wasn't finished and upped its lead to 9-2 in the second. Elba failed to get a hit in the inning, but took advantage of 3 walks, an error and a perfect sacrifice bunt by Greg Thigpen to add to its lead.

Home-runs by Todd Copeland and Jason Ming cut the lead to 9-4 in the bottom of the inning, and a solo homer by Demond Collins and a 2-run shot by Joey Brannon in the third cut the lead to 9-7 after three wild innings of play!

Elba failed to score in the fourth inning, however. Troy's bats continued to boom as they scored 4 runs to grab an 11-9 lead. The big blow in the inning was a 3-run homer by Joey Brannon.

Elba rebounded with 3 runs in the fifth inning to regain the lead at 12-11, as singles by Ronald Thigpen, Kyle Dubose and Chad Dawkins, coupled with two walks allowed the locals to go back on top.

Two hits, three walks and two costly errors allowed Troy to regain the lead at 15-12 in the bottom of the fifth, and while Elba threatened in the sixth, it failed to score and suffered the defeat.

Ronald Thigpen got 2 hits for Elba, while Kyle Dubose, Vince Hudson and Tommy Young all scored twice. Todd Copeland, Jason Ming, Demond Collins and Joey Brannon all got 2 hits for Troy.

Eufaula 16
Elba 1

Eufaula combined 10 hits with 9 walks and 4 Elba errors to claim an

Eufaula cut the lead to 4-2 in the fourth inning on a two-run single by T. Jones and took advantage of two errors in the fifth to pull within 4-3, but could get no closer to Troy held on for the win.

Todd Copeland got 2 hits for Troy, while pitchers Jason Ming, Melvin Jackson and Burt Blair combined to hurl a 2-hitter and strike out 16 batters. Dan Woodson scored 2 runs for Eufaula and pitcher S. Worthy held Troy to only 3 hits, while striking out 8.

Dothan 5
Abbeville 1

Dothan American pitcher K. Hall tossed a 3-hitter, struck out 8 batters and hit a home-run to spark the Dothan Americans to a 5-1 win over Abbeville. Dothan combined 2 hits with 2 walks and 1 error to take a 5-0 lead in the second inning and led 5-0 until Randy Isom ripped a home-run in the sixth to put Abbeville on the board.

K. Hall scored 2 runs and hit a home-run to lead Dothan at the plate.

Troy 15
Elba 12

Troy rallied from an early 9-2 deficit to lead the game in the top-of-the-second when Greg Thigpen singled in Tony Allen, who had reached on a walk. Eufaula stretched its lead to 10-1 in the bottom of the inning, with the big blow being a grand-slam home-run by Shawn Worthy. Elba could never get back in the hunt following the big Eufaula outburst and suffered the lopsided defeat.

Shawn Worthy collected 4 hits to lead Eufaula, while S. Dennis added 2. Kyle Dubose, Eric Simmons, Joey Donaldson and Greg Thigpen got the only Elba hits.

Troy 13
Dothan Am. 6

Troy erupted for 8 runs in the final two innings to break a 5-5 tie and went on to crush the Dothan Americans 13-5. The lead had seen-sawed through the early innings and Eufaula pulled even in the fourth on a home-run by K. Hall; however, Troy's bats suddenly came to life and buried the Dothan team under a barrage of home-runs!

Demond Collins got 3 hits to lead Troy, while Jason Ming, Melvin Jackson and Ingram all added 2. B. Hicks got 3 hits for Dothan and J. Dixon added 2.

Troy 12
Eufaula 1

Melvin Jackson pitched a 2-hitter and struck out 11 batters and his teammates pounded out 5 home-runs.

Opening ceremonies will be held Saturday, Aug. 2 at 6 p.m.

Card of Thanks

The lives he brightened,
the help he gave, and
the happiness he brought
cannot be measured.....

Words cannot express the appreciation we feel for every expression of sympathy shown us during the loss of our loved one. The prayers, flowers, phone calls, donations, visits, food and thoughts were greatly appreciated.

A special thanks to Dr. Cochran, nurses and staff at Elba General Hospital; Campbell Ambulance Service; the doctors and staff at Humana Hospital, Enterprise, for their care and concern.

We will always remember and be grateful for the love expressed for Bill and us as his family. Bill was a most special husband, father, brother, leader and friend, and will forever live in our hearts.

Thank you.
